SUMMARY

I'm a Computer Science Engineering student who wants to become a Full-Stack Developer. I have hands-on experience in web development and have built a Smart Hospital Management System using MERN (MongoDB, Express.js, React, Node.js) with features like doctor booking, bed tracking, and an AI symptom checker. I'm looking for an internship opportunity where I can learn from real projects, improve my technical skills, and contribute to building efficient and user-friendly web applications.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap
Backend: Node.js, Express.js, Java Servlets, REST APIs
Database: MongoDB, MySQL
Tools & Platforms: Git, GitHub, VS Code, Maven
Other Skills: JWT Authentication, API Integration, Responsive Web Design

PROFESSIONAL PROJECT

Hospital Management System (CareHospital)

Sep 2025

- Developed a full-stack hospital management web app using MongoDB, Express.js, React, and Node.js.
- Implemented doctor booking, bed tracking, and an AI symptom checker for faster patient service.
- Improved data management and usability, resulting in smoother hospital workflow and better user experience.

CodeArena – Online Coding Platform

April 2025

- Built a full-stack coding practice website similar to LeetCode using React, Node.js, and Express.
- Enabled live code execution, progress tracking, and real-time collaboration using WebSockets.
- Designed a responsive interface, improving user engagement and performance.

EDUCATION

Bachelor of Technology – Computer Science Engineering

Aug 2025 - Oct 2026

MGM's Jawaharlal Nehru Engineering College, Chh. SambhajiNagar

Secondary School Certificate (SSC)

May 2010- May 2019

Sanskar Vidyalay, Chh. SambhajiNagar

ACHIVEMENTS

1st Prize – Codeathon (Swayambhu 2025, MGM University, JNEC)

Secured 1st place in the national-level coding competition Codeathon at Swayambhu 2025. Competed with top participants, solved complex coding challenges, and enhanced teamwork and problem-solving skills.

2nd Prize – Supernova: Code Burst Competitive Programming (MGM University, JNEC)

Achieved 2nd place in a competitive programming contest that tested coding efficiency, logic building, and collaboration under pressure.
